Our community terrace

Carrer de Sardenya 356, 08025 Barcelona

General care

• **Shared property:** Please take care of the furniture and equipment.
• **Report defects:** If you spot damage, please let us know promptly, before something breaks completely. That way we can avoid expensive replacements.

Shade sail (wind & weather)

As soon as a storm or heavy thunderstorm is forecast, the shade sail must be taken down:

• **Take-down:** Remove the sail and store it safely.
• **Hanging:** Make sure the ropes lie above the fabric, and secure everything firmly.
• **Storage:** If the sail needs to be stowed for longer, please use the black protective cover in the storage room.

Barbecue

• **Storm protection:** When a storm is forecast, secure or store the grills.
• **Cleanliness:** Make sure no grease splatters land on the floor; use a mat if needed.

Before leaving the terrace

Before you leave, please make sure that:

• all **cushions** are stored away weatherproof
• the **lights** are switched off
• the **door** is properly locked
• no **rubbish** or cigarette butts remain

Maintenance & contact

If you notice that the plants need water or the drain is clogged, please contact me directly:

WhatsApp: +41 79 442 2828 Andrés Obrero 5.2
Email: sardenya256@progenea.org

Your opinion matters: Do you have suggestions for new acquisitions or improvements? We're glad to hear your feedback!

Thanks!

Thanks a lot for your help — and enjoy the terrace!
